Confidential:

The information and ideas contained in this document are the property of the company submitting the document (hereafter called the "submitting company") and are submitted in confidence solely for the consideration of the recipient. By retention of this document, the recipient agrees to maintain this document in confidence and not to duplicate, use or disclose the whole or any part of this document, or any of the information or ideas contained herein, for any purpose other than to evaluate this document, without the prior written authorisation of an officer of the submitting company. This restriction does not limit the recipient's right to duplicate, use and disclose any information or ideas contained in this document which the recipient can prove were obtained from another source without restriction prior to their disclosure by the submitting company or any of its affiliated companies.

Standard Terms and Conditions of Sale

1. Scope.

The Terms and Conditions ("Terms") contained herein shall apply to all quotations and offers made by and purchase orders accepted by Tibidabo Scientific Industries (USA) Inc. ("TSI") for any TSI product ("Product"), and all sales made by TSI except to the extent these Terms conflict with a separate sales agreement signed by each of TSI and Customer. These Terms apply in lieu of any course of dealing between the parties or usage of trade in the industry. These Terms may in some instances conflict with some of the terms and conditions affixed to the purchase order or other procurement document issued by the Customer. In such case, the Terms contained herein shall govern, and acceptance of Customer's order is conditioned upon Customer's acceptance of the terms and conditions herein, irrespective of whether the Customer accepts these conditions by a written acknowledgement, by implication, or acceptance and payment of Products ordered hereunder. TSI's failure to object to provisions contained in any communication from Customer shall not be deemed a waiver of the provisions herein. Any changes in these Terms contained herein must specifically be agreed to in writing signed by an officer of TSI before becoming binding on either party.

2. Price, Taxes and Quotations.

Any order that can be cancelled and rescheduled pursuant to paragraph 7.a of these Terms is subject to a price change immediately upon written notice from TSI. All prices are exclusive of any present or future sales, use, revenue or excise tax, value added tax, turnover tax, import duty (including brokerage fees) or other tax applicable to the manufacture or sale of any Product. The Customer shall pay such taxes, when applicable, unless Customer provides a valid tax exemption certificate. The prices quoted by TSI are those current at the date of quotation and shall be subject to variation by TSI immediately upon written notice.

3. Delivery.

All Product sales are Ex-Works (EXW, Incoterms 2000). TSI may deliver Products in one or more shipments and invoice each shipment separately. TSI reserves the right to ship Product in advance of the agreed shipping date. Delivery time is not of the essence. TSI does not accept liability for any loss arising from delay in delivery of Products.

4. Payment Terms.

Subject to credit approval by TSI, Customer, payment terms shall be net thirty (30) days from the date of invoice. Customer agrees to pay interest of 1.5% per month on all past due amounts. Absent credit approval by TSI, Customer shall prepay for all Products. All payments are to be in United States Dollars. For contracts outside of the US, TSI may require payment to be secured by an irrevocable letter of credit or a bank guarantee acceptable to TSI. In the event that TSI is required to bring legal action to collect delinquent accounts, Customer agrees to pay

Tibidabo Scientific Industries (USA), Inc.

Expiration Date	11/20/2026

reasonable attorneys' fees, costs of suit and other costs of collection incurred by or on behalf of TSI.

5. Transfer of Title.

Title to Products will transfer from TSI to the Customer only upon receipt by TSI of payment in full for such Products. Until such time as the title to the Products passes to the Customer, TSI may, without prejudice to any other rights or remedies available to it, repossess any or all of the Products. For the purpose of so taking possession, the Customer gives TSI irrevocable authority without notice to enter the Customer's premises for the purpose of collecting and removing the Products. In no event will the sales of Products to Customer be considered a "work for hire". Customer does not acquire any rights in TSI's intellectual property as a result of the purchase of Products.

6. Non-Conforming Delivery and Risk of Loss.

Customer shall notify TSI of any visible defects, quantity shortages or incorrect Product shipments within ten (10) days of receipt of the shipment. Failure to notify TSI in writing of any visible defects in the Product, quantity shortages or incorrect shipments within such period shall be deemed an unqualified waiver of any right to return Products on the basis of visible defects, quantity shortages or incorrect shipments, subject to Customer's rights under paragraph 8 of these Terms. Risk of loss shall pass to Customer as soon as the Products have been placed with a transport agent.

7. Order Cancellation.

a. All order cancellations by Customer may be subject to a cancellation fee equal to the greater of 20% or the amount of costs and expenses incurred as of the date of cancellation.

b. TSI shall have the right to cancel any unfilled order without notice to Customer in the event that Customer becomes insolvent, adjudicated bankrupt, petitions for or consents to any relief under any bankruptcy reorganization statute, or becomes unable to meet its financial obligations in the normal course of business or in the event that Customer has failed to timely pay any amount owed to TSI. Any order that can be cancelled or rescheduled by Customer pursuant to paragraph 7.a of these Terms may be cancelled or rescheduled by TSI if notice is given to Customer.

8. Limited Warranty.

Except as stated below, TSI warrants that the Products manufactured and supplied by TSI to Customer will be free from defects in material and workmanship under normal use and service for a period of one (1) year from the date of shipment. TSI warrants components supplied by others and incorporated into the Products only to the extent of the express warranties made by the suppliers of such components.

This limited warranty extends only to the original end user purchaser of Products and does not cover normal wear and tear of parts or damage or loss resulting from misuse, accident, neglect, improper installation or maintenance. In order to qualify for this warranty coverage, the Products must be installed, used and maintained strictly in accordance with the instructions and recommendations contained in TSI's literature. If Customer claims that the Products do not conform to this limited warranty, it must, at TSI's option, either return any defective part(s) to TSI for inspection with freight or other transportation costs prepaid or allow TSI's personnel to inspect the Products at the site of their installation or use. If, after inspection, TSI determines that the Products do not conform to this limited warranty, TSI, in its sole discretion, will choose to (a) repair the defective Product or part without charge, (b) replace the defective Product or part without charge, or (c) repay the purchase price paid by

Tibidabo Scientific Industries (USA), Inc.
14 New Road, Madison, CT 06443
T: + 1 203 484 2011
E: info@tibidaboscientific.com

Created Date	10/20/2026
Expiration Date	11/20/2026

Customer for such defective Product or part. The warranty period for repaired or replaced components shall be the remainder of the original warranty period.

The warranty set forth herein is the only warranty provided by TSI and is strictly limited to its terms and is in lieu of all other express or implied warranties, including without limitation, the warranties of merchantability or fitness for a particular purpose or other warranties of quality, and of all other liabilities and obligations, all of which are hereby disclaimed. Customer hereby waives all other conditions, representations and warranties, express or implied by statute, usage, custom of the trade or otherwise. Notwithstanding any prior statement, written or oral, TSI makes no other warranties regarding the qualities of its Products or the materials incorporated therein.

9. Limited Liability.

Under no circumstances will TSI be liable or responsible for any direct, indirect, incidental, consequential (including damages from loss of business, lost profits, harm to reputation or goodwill, or the like), special, exemplary, punitive, or other damages, under any legal theory (including tort, warranty, contract, product liability or otherwise), that arise out of or relate to these Terms or the Products. If TSI has any liability to Customer whatsoever, TSI's liability shall be limited to the amount actually paid by Customer to it for any deficient Product or service.

No action, regardless of form, arising out of or relating to the Products may be brough by Customer more than one (1) year after the date of delivery of any Product.

10. Patents; Intellectual Property.

a. Subject to the limitations herein, TSI agrees to defend, at its expense, Customer in any suit brought against Customer alleging that the Products hereunder and not combined with other equipment, infringe upon any patents owned or held by others, provided TSI is promptly notified, given the assistance required at TSI's expense, and permitted to direct the defense of such claim. TSI's obligation to defend is wholly conditioned upon Customer's immediate notification to TSI of any notice of alleged infringement and Customer's full cooperation with the defense of any such claim. Further, TSI will pay any judgment of a court of last resort, but shall not be responsible for settlement or costs incurred without its consent. If use of such Products is enjoined, or in the event TSI desires to minimize its liability hereunder, TSI may exercise any of the following options:

i. Substitute other equally suitable Products.

ii. Modify the Products so they no longer infringe.

iii. Obtain for Customer the right to continue their use.

iv. Take back the Products and refund to Customer an amount equal to its purchase price for the Products less depreciation, which shall be determined on a five (5) year straight line basis.

The foregoing states the entire liability of TSI for patent infringement. Exercise by TSI of any of the foregoing options fully relieves TSI of all liabilities and obligations. No indemnity shall apply to Products made or modified to Customer's or other's specifications or design. In no event shall TSI's liability for such damages and costs (including legal costs) exceed the contractual value of the Products or services that are the subject of the claim.

b. The sale of any Products hereunder does not convey any license by implication, estoppel or otherwise covering combinations of the Products

with other equipment data or programs. TSI retains the copyright in all documents, catalogs and plans supplied to Customer pursuant to or ancillary to these Terms. Customer shall obtain no interest in any mask or other tooling used in the production of any TSI Product.

11. Confidential Information.

Except as required by law, Customer shall not use, divulge or communicate to any third party any information of TSI it reasonably knows to be confidential.

12. Force Majeure.

TSI shall not be liable for any damages or penalties for delay in delivery or for failure to give notice of delay when such delay is due to the elements, acts of god, acts of the Customer, act of civil or military authority, war, riots, concerted labor action, pandemics, epidemics, shortages of materials or labor, or any other causes beyond the reasonable control of TSI. The anticipated delivery date shall be deemed extended for a period of time equal to the time lost due to any delay excusable under this provision.

13. Export Regulations.

These Terms are subject to United States export laws and regulations controlling the export, re-export, diversion and resale of the Products, including any software, documentation, technical data, and confidential information (collectively, "U.S. Export Controls"). These U.S. Export Controls include, but are not limited to, the United States International Traffic in Arms Regulations (ITAR), the United States Export Administration Act and the United States Department of Commerce Export Administration Regulations. Customer acknowledges and agrees to be responsible for compliance with these U.S. Export Controls and to not engage in any course of conduct that would be in violation of the U.S. Export Controls. Not by way of limitation of the foregoing, Customer shall not export, re-export, divert or resell the Products, including any documentation, technical data, or confidential information, in violation of U.S. Export Controls.

14. Notices.

Any notice hereunder shall be deemed to have been delivered if sent by prepaid first class mail to the party concerned at its last known address. Notice to TSI shall be to Tibidabo Scientific Industries (USA), Inc., Attn: Company Secretary, 14 New Road, Madison, Connecticut, 06443, USA.

15. Waiver, Complete Contract.

Failure by TSI to exercise or enforce any rights hereunder shall not be deemed to be a waiver of any such right nor operate so as to bar the exercise or enforcement thereof at any time or times thereafter. These Terms supersede and replace any prior agreement between the parties, constitute the complete and exclusive statement of the terms of the contract between the parties hereto with reference to the subject matter hereof, and no statements or agreements, oral or written, made prior to or at the signing hereof shall vary or modify the written terms hereof.

16. Applicable Law.

These Terms shall be governed by and construed under the laws of the State of Connecticut, USA, including the Uniform Commercial Code as enacted in that state. The parties agree to exclude application of the U.N. Convention on Contracts for International Sale of Goods.

17. Arbitration.
